

NOTICE

Part # 51020MX-1
1999-2003 Silverado
5 Inch Lift Kit
Front cross member PN 90-1761

Due to slight manufacturing variances the following procedures need to be addressed. When installing the lower control arms into PN 90-1761 check fit the parts. Please refer to step 35 and illustration 10. If you install the lower control arms and there is a gap between the cross member and the lower control arm, shim appropriately with the washers provided. There should be as little of a gap as possible.

Included: (4) 5/8" SAE GR. 8 Washers
