# INSTALLATION INSTRUCTIONS

## Part # 5400 Universal Limit Strap

### PARTS LIST:

<u>ITEM#</u>	<u>DESCRIPTION</u>	<u>QTY.</u>
90-1492	Limit Strap Tabs	4
70-0501001800	1/2" x 1" GR8 Bolt	4
73-05000042	1/2" USS Hard Flat Washer	8
72-05000100512	1/2" Nylock Nut	4
INST-5400	5400 Instruction	1

### ASSEMBLY:

The brackets in the Universal Limit Strap Installation Kit can be bolted or welded on. To find suitable mounting location, look for mounting location that will not interfere with any moving suspension parts. In most cases this will be directly above the axle. For best performance after installation strap should limit suspension travel 1.5 inches before full droop. Limit straps are designed to stretch. Make sure when bolting or welding on brackets that installation will not interfere with any components inside frame rail.
